

majority stock ownership, but includes actual working control in whatever manner exercised.

NOTE 2 TO PARAGRAPH (h): The term "facilities-based carrier" as used in this section means one that holds an ownership, indefeasible-right-of-user, or leasehold interest in bare capacity in an international facility, regardless of whether the underlying facility is a common or non-common carrier submarine cable, or an INTELSAT or separate satellite system.

NOTE 3 TO PARAGRAPH (h): The assessment of "capital stock" ownership will be made under the standards developed in Commission case law for determining such ownership. *See, e.g., Fox Television Stations, Inc.*, 10 FCC Rcd 8452 (1995). "Capital stock" includes all forms of equity ownership, including partnership interests.

NOTE 4 TO PARAGRAPH (h): Ownership and other interests in U.S. and foreign carriers will be attributed to their holders and deemed cognizable pursuant to the following criteria: Attribution of ownership interests in a carrier that are held indirectly by any party through one or more intervening corporations will be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that wherever the ownership percentage for any link in the chain exceeds 50 percent, it shall not be included for purposes of this multiplication. For example, if A owns 30 percent of company X, which owns 60 percent of company Y, which owns 26 percent of "carrier," then X's interest in "carrier" would be 26 percent (the same as Y's interest because X's interest in Y exceeds 50 percent), and A's interest in "carrier" would be 7.8 percent (0.30×0.26). Under the 25 percent attribution benchmark, X's interest in "carrier" would be cognizable, while A's interest would not be cognizable.

EFFECTIVE DATE NOTE: At 61 FR 15729, Apr. 9, 1996, § 63.18 was added. This section contains information collection and record-keeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 63.19 Special procedures for discontinuances of international services.

(a) Any non-dominant international carrier as this term is defined in § 63.10 that seeks to discontinue, reduce or impair service, including the retiring of international facilities, dismantling or removing of international trunk lines, shall be subject to the following

procedures in lieu of those specified in §§ 63.61 through 63.601:

(1) The carrier shall notify all affected customers of the planned discontinuance, reduction or impairment at least 60 days prior to its planned action. Notice shall be in writing to each affected customer unless the Commission authorizes in advance, for good cause shown, another form of notice.

(2) The carrier shall file with this Commission a copy of the notification on or after the date on which notice has been given to all affected customers.

(b) Any dominant international carrier as this term is defined in § 63.10 that seeks to retire international facilities, dismantle or remove international trunk lines, and the services being provided through these facilities are not being discontinued, reduced or impaired, shall only be subject to the notification requirements of paragraph (a) of this section. If such carrier discontinues, reduces or impairs service to a community or retires facilities that impair or reduce service to a community, the dominant carrier shall file an application pursuant to §§ 63.62 and 63.500.

EFFECTIVE DATE NOTE: At 61 FR 15732, Apr. 9, 1996, § 63.19 was added. This section contains information collection and record-keeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 63.20 Copies required; fees; and filing periods for international service providers.

(a) Unless otherwise specified the Commission shall be furnished with an original and five copies of applications filed for international facilities and services under Section 214 of the Communications Act of 1934, as amended. Provided, however, that where applications involve only the supplementation of existing international facilities, and the issuance of a certificate is not required, an original and two copies of the application shall be furnished. Upon request by the Commission, additional copies of the application shall be furnished. Each application shall be accompanied by the fee prescribed in subpart G of part 1 of this chapter.

(b) No application accepted for filing and subject to the provisions of §§ 63.02, 63.18, 63.62 or § 63.505 shall be granted by the Commission earlier than 28 days following issuance of public notice by the Commission of the acceptance for filing of such application or any major amendment unless said public notice specifies another time period, or the application qualifies for streamlined processing pursuant to § 63.12.

(c) No application accepted for filing and subject to the streamlined processing provisions of § 63.12 shall be granted by the Commission earlier than 21 days following issuance of public notice by the Commission of the acceptance for filing of such application or any major amendment unless said public notice specifies another time period.

(d) Any interested party may file a petition to deny an application within the 21 day or other time period specified in paragraphs (b) or (c) of this section. The petitioner shall serve a copy of such petition on the applicant no later than the date of filing thereof with the Commission. The petition shall contain specific allegations of fact sufficient to show that the petitioner is a party in interest and that a grant of the application would be prima facie inconsistent with the public interest, convenience and necessity. Such allegations of fact shall, except for those of which official notice may be taken, be supported by affidavit of a person or persons with personal knowledge thereof. The applicant may file an opposition to any petition to deny within 14 days after the original pleading is filed. The petitioner may file a reply to such opposition within seven days after the time for filing oppositions has expired. Allegations of facts or denials thereof shall similarly be supported by affidavit. These responsive pleadings shall be served on the applicant or petitioner, as appropriate, and other parties to the proceeding.

§ 63.21 Conditions applicable to international Section 214 authorizations.

International carriers authorized under Section 214 of the Communications Act of 1934, as amended, must follow the following requirements and prohibitions:

(a) Carriers may not resell private lines for the provision of international switched services unless the country at the foreign end of the private line is deemed equivalent. See § 63.18(e) (3) through (4).

(b) Carriers must file copies of operating agreements entered into with their foreign correspondents within 30 days of their execution, and shall otherwise comply with the filing requirements contained in § 43.51 of this chapter.

(c) Carriers must file tariffs pursuant to Section 203 of the Communications Act, 47 U.S.C. 203, and part 61 of this chapter.

(d) Carriers must file annual reports of overseas telecommunications traffic as required by § 43.61 of this chapter.

(e) Carriers regulated as dominant must provide the Commission with the following information within 30 days after conveyance of transmission capacity on submarine cables to other U.S. carriers:

(1) The name of the party to whom the capacity was conveyed;

(2) The name of the facility in which capacity was conveyed;

(3) The amount of capacity that was conveyed; and

(4) The price of the capacity conveyed.
